GREENING OUR REGION

56,249

 TREES & NATIVE SHRUBS PLANTED

THAT MAKES **750,000+** TREES & NATIVE SHRUBS PLANTED SINCE 1989!

GROWING COMMUNITY

7,773

 VOLUNTEERS DONATED

46,024

 HOURS

THAT'S EQUIVALENT TO OVER 5 YEARS!

24%

 OF OUR VOLUNTEERS ARE YOUTH

OUR REGIONAL APPROACH:

2 STATES

6 COUNTIES

20 CITIES

151 EVENTS

Friends of Trees inspires people to improve the natural world around them through a simple solution:
PLANTING TREES. TOGETHER.

friendsoftrees.org

When planted near buildings, trees can **CUT AIR CONDITIONING USE BY 30%** and reduce heating energy use by 20-50%.

100 trees remove **53 TONS OF CO2** and **430 POUNDS OF OTHER AIR POLLUTANTS** per year.

A **'GREEN VIEW'** from a window increases job satisfaction and reduces job stress.

Cars **TRAVEL SLOWER AND MORE CAREFULLY** on tree streets.

A mature tree gives off enough oxygen per year to support **TWO PEOPLE!**

Roadside trees cut indoor **AIR POLLUTION IN HALF!**

An acre of trees absorbs as much CO2 as is produced from driving **26,000 MILES!**

TREELAX!

Just 5 minutes of viewing trees can reduce stress.

The more people **VOLUNTEER**, the happier they are.

532 SPECIES OF CATERPILLARS thrive on oaks... that's a lot of baby bird food!

Trees absorb rainfall, **CLEAN OUR WATER**, and their unique root system holds everything together underground, preventing erosion.
